A LAND OF POSSIBILITIES

Jains Adarsh Avenue | Residential plots | 590sft - 2598sft | 16.5 acres

Like the banyan tree, your investment deserves strong roots & multiplication.

In the rising growth corridor of **Kuthambakkam**, this plotted development stands tall - offering land that's primed for value appreciation and long-term security. Just as the banyan thrives with deep roots and wide reach, your plot connects seamlessly to **ORR, NH-4, and key metro links**. Surrounded by schools, colleges, health care centers, industries, logistics parks, and smart city plans, it's where infrastructure meets opportunity.

With **well-planned layouts and future-ready amenities**, this isn't just land—it's a foundation for generational wealth. **Invest where your future can grow strong, steady, and expansive - like the banyan.**

NEARBY INFRASTRUCTURE

1. The **Kuthambakkam bus terminus**, along the Chennai–Bengaluru National Highway (NH4), is a significant infrastructure project aimed at enhancing connectivity and decongesting existing terminals like Poonamallee and Kilambakkam. Developed by the Chennai Metropolitan Development Authority (CMDA) at an investment of ₹427 crore, the Kuthambakkam bus terminus is poised to become a pivotal transportation hub, improving intercity connectivity and supporting sustainable urban development in Chennai.
2. The Kuthambakkam bus terminus is part of the broader **New Town development plan**, which envisions a **"15-minute city"** concept. This initiative aims to create a self-sufficient urban area where residents can access essential services within a 15-minute walk or cycle ride. The development will include metro rail connectivity, well-designed roads, bicycle tracks, and provisions for non-motorized mobility.
3. Extension of **Chennai Metro Phase-II Corridor 4** from Light House to Poonamallee, with a proposed extension to Parandur. This extension would link the metro network to the Kuthambakkam bus terminus, further enhancing connectivity.
